

### Copper Coins Discussed at Club Meeting

Kenneth Young spoke on "Copper Coinage" at the April meeting of the Torrance Coin Club.

The membership voted unanimously to support the following candidates in the forthcoming American Numismatic Assn. election of officers: president, P. K. Anderson; second vice president, Matt Rother; vice president, Herbert Bergen; and board of governors, Charles M. Johnson, Ray O. Lefman, Leo Terry, Richard P. Goodson, William Worth and George Todd.

The Torrance Coin Club meets every third Tuesday of

### Norman Paul to Head Armed Forces Parade

Regular Army, Navy, Air Force, Marine and Coast Guard units from throughout the Southland will lead off the fourth annual Torrance Armed Forces Day Parade, May 18, General Chairman Fred Ralbert, has announced.

They will be followed by National Guard and Reserve elements, Naval and Air Force ROTC units, and a host of non-military marching units.

Heading the parade column will be the parade grand march each month at 8 p.m. in the Recreation Center, 3341 Torrance Blvd. Guests are welcome.

Other military bands will be the 523rd Air Force band from March Air Force Base in San Bernardino, the El Toro Marine band, the 40th Armored Division band of the California National Guard, and the 63rd Infantry Division band, a Los Angeles area unit of the Army Reserve. All of the bands will be followed by large troop units.

A total of 19 bands have already been committed to the parade, including many crack high school and youth groups.

**TOTAL PERFORMANCE:**

**IF YOU KNEW WHAT HE KNOWS...YOU'D BE DRIVING THE 1963 TOTAL PERFORMANCE FORD**

Ford is traditionally the nation's Number One police car. The reason: Total Performance!

When it comes to cars the police don't take chances. Put yourself in a State Trooper's shoes. Every day you must patrol hundreds of miles in your cruiser. Mileage and time grind into a man and his machine, but when the bell rings you've got to be ready. Chase. Turn. Corner. Quick stop. You've got to be able to do it all if you're going to do your job.

Listen to a trooper list the reasons why he prefers a Ford and you realize how difficult it is for any car to measure up to his standards. The car must be strong... it has to stand up to big mileage. It must be silent... when you practically live in a car a rattle can sound like a kettle drum. It must be swift... powerful enough to catch any car on the road. It must be sure... dependable even in the face of the unexpected. Strong. Silent. Swift. Sure. A four-word outline of total performance. The police demand it. That is why they choose the total performance Ford. Why should you settle for anything less?

Whatever your special demands and needs, the total performance Ford is the car most likely to satisfy you all the way down the line. You can prove this for yourself.

First, look at Ford's astounding record in open competition this year in the grueling Daytona, Riverside and Atlanta 500's, and in the demanding Pure Oil Performance Trials. Only a car with total performance could roll up so many impressive wins.

Second, before you buy any new car, test-drive the solid, silent Super Torque Ford. If you haven't driven one lately, you can't really know what a new Ford is like. Make this important discovery—if it's built by Ford, it's built for performance... total performance.
